Coleman Anglicans Heard Bishop's Appeal

St. Alban's Church filled to Sunday Evening to Hear Radio Service From Calgary.

On Sunday evening at St. Alban's church the congregation gathered to hear the stirring appeal of Bishop Sherman to raise \$40,000 by subscription throughout the diocese of Calgary. Basing his text on those well known words to all churchmen, which precede the sermon, "In the name of the Father, and of the Son, and of the Holy Ghost," he launched out with the subject of his appeal in a manner which stirred thousands of people possibly as no other religious service in Canada has done. In his opening remarks it was evident that he was cognizant of the thousands who would be listening on the radio, for he embraced every section of his large diocese so that those living in the rural districts, or in the mountain regions of Banff and the Crow's Nest Pass, felt that they were taking part in the service, and they could visualize the Bishop in his study at putting forth the claims and the reasons why it was necessary to thus appeal to all churchmen throughout the diocese.

This address was composed of three parts—the first in the name of the Father, the second in the name of

Good Response to Local Appeal

Up till noon today the total amount subscribed in Coleman for the anniversary appeal of \$40,000, was \$207.75, and the \$300 mark is confidently expected by the week end. Blainmore is also conducting a vigorous campaign against the congregation there. The total amount received in Calgary to Wednesday afternoon for the diocese was \$20,750.00, Bishop Sherman stated in a message to Rev. Mr. Currie.

The Son, and the third of the Holy Ghost. The striking note of his appeal was, that though the church asks for money, in giving money the individual is also giving himself for the furtherance of the church's work, and it was this which counted most, for enthusiasm in support of one's church would bring all other things which were necessary for its development.

Preceding the Bishop's address, Judge Walsh, chancellor of the diocese, gave a very clear outline of the origin and reasons of the appeal, which had been first suggested at the Synod meeting in 1927. At this time the Bishop was authorized by the executive to appoint a committee to raise a fund to place the finances of the diocese on a sound basis. \$15,000 was needed to satisfy the outstanding liabilities of the diocese; \$15,000 for clerical benefits, and \$12,000 for diocesan mission fund, the latter being necessary for the expansion and

RADIO MOVIES ARE SUCCESSFUL

Hops to Soon Broadcast Pictures and People Will Be Able to Have Radio Movies in Homes.

A short time ago a small group of radio's most conspicuous leaders met to view the reception of the world's first radio-movies. The demonstration was a complete success, the movies being broadcast from the Westinghouse station KDKA and reproduced on a ground glass screen before the scientists, clearly enough to permit the reading of the subtitles. It was conceded by all present that within a short time the radio listener will be able to sit in his home and watch that popular form of entertainment—motion pictures, projected by his own individual receiver.

The Westinghouse Company, pioneers in radio, alternating currents and innumerable other electrical developments, is taking the lead in this new field. It is scarcely half a year since the idea came to Dr. Conrad of the Westinghouse engineering staff, yet within this short time developments have been so rapid that the Westinghouse Company have definitely decided to broadcast pictures from KDKA in the near future and anticipate putting these receiving machines on the market to be sold by Westinghouse dealers.

Notice Re Old Age Pensions

Notice is hereby given that from Friday Oct. 12 to Tuesday, October 16, the secretary would like all persons of the town who might come under the jurisdiction of the Old Age Pension Act, if it were adopted, to visit the town office and give the following information:

If of the age of 65 years, having resided in Canada for 20 years, and in the province for five years and is not in receipt of \$36.00 a year.

Office hours 1 to 4 p.m.

J. FORB, Secretary Treasurer.

OPENING WITH BIG SALE

The new firm of Laslett & Kerr make their bow to the public of Coleman with a sale commencing on Saturday, Oct. 13, and state that having purchased the business of Mrs. H. E. Gate, they are out to turn it into cash. The store has been put in shape for this big event, stock has been re-arranged, and they promise some exceptional bargains for their coming day-day. It will pay to call and make your purchases early, and attention is directed to their advertisement which contains quite a list of bargains, and many more are to be found at the store.

PANTRY SALE AT BLAIRMORE

The ladies of St. Luke's Guild will hold a pantry sale in the Elks Hall at Blairmore, Saturday morning from 6 to 6 p.m., and cordially invite Coleman and Blairmore ladies to attend.

JUST A FABLE

(From Cranbrook Courier)
Will a man ever get too old to enjoy a fable? We think not. William Browne, a genius in direct mail advertising, is the author of the following tale. It's worth reading: "Once upon a time the head lion of the jungle called all the animals together in conference and when they had assembled he raised himself on his haunches and said:

"Fellow animals, you have been summoned here today to protest against the existing order of things. Everything is wrong." (Loud growls and grunts.) "Animals from other jungles are coming into our territory, thereby making it twice as hard for us to make a living and now the question is, what are we going to do about it?"

"If anyone else had a chance to say a word, the snail piped up and said, 'I move you, Mr. Lion, that we lay off our regular line of work and spend our time in meetings and conventions talking things over and passing resolutions until conditions change.'"

"Well," said the lion, "I can't see that that will get us anywhere, now are we going to live in the meantime?"

"At this point the elephant spoke up and said: 'I notice the bees are not in this lot; let's get them here and make it unanimous.'"

"Oh, there's no use fooling your time away with them," said the tiger. "I gave them an invitation this morning but they said that while they wished us well, they were so busy looking after their own business, gathering honey on their regular territory and scouting around for new sources of supply, that they really did not have time to attend conventions, make speeches or listen to them."

The wise man then said to all those who are not, will continue to offer resolutions.

Personal and Local

Have you subscribed towards the Anglican Anniversary Appeal?

Mrs. A. S. McIntosh returned this week from visiting relatives in Saskatchewan and Manitoba.

Mrs. McNeven, of Lethbridge, was the guest of Mrs. W. Fraser, Sixth Street, over the week-end.

Seventeen tables participated in the whist drive held last Saturday evening in the Oddfellows hall by the Rebekah lodge. It proved a very enjoyable affair, with a dance held after.

To hear some of the favorite old march tunes being played by the orchestra on Tuesday night recalls the days of marching regiments and color guard.

The canvassers for the Anglican church appeal are doing their work well, and are making a thorough job of looking up every member of the church in order to induce them to contribute.

John Hopkins was one of the first in Coleman to receive a letter by air mail from St. Albans. May be the time will come when Coleman will be on the air map of Canada with a landing field in this section of the Crow's Nest Pass. Who knows?

Mr. and Mrs. Weaver of Blairmore and Mrs. Griesbach came in on Sunday evening to hear the radio service at St. Alban's church. They state that the Anglican church members at Blairmore will give a substantial contribution towards the Anniversary appeal.

Antrobus' Sell Good Shoes

BUYING AT HOME

Do buy at home editorials have effect? Should the responsibility for increased buying out of town be placed on the newspaper? We submit it should not be. The merchants and business men, from our experience, first practised this little habit of buying out of town. Now it has grown to huge proportions. It is not the newspaper's duty to flail its readers every once in a while because they buy out of town. The merchants and business men should use space to do that. Why make the editor the squirt-gun?

The mail order houses work on a plan. New catalogs are scattered over the country and mid-winter sales are conducted to get what cash may have been left over from Xmas. Usually the mail order houses beat the merchants to the January Clearance sales. Then again in April the catalog houses stage a spring sale, this being a mid-season sale when the merchants are not advertising so heavily. Again in July the merchants are advertising light in most places and again the mail order fellows get in their work.

During the last mail catalog houses of the year and the mail order houses know that it would be a waste of money to try and combat that kind of competition. However, as soon as the Christmas drive is over, the catalog houses again comes out in the open, because it knows the merchant intends to rest from advertising for a while.

If merchants could only learn to advertise steadily, even though they have to cut down the size of their space some time and if they would constantly keep their name before the people of their community, they would give the mail order houses real competition and would be more good than all the "Buy at Home" editorials that might be written.—C. W. N. A. Bulletin.

Orchestral Concert on Sunday Evening

Opera House Will Be Gathering Place For First Appearance of Newly Organized Musicians

A very fine program has been arranged for the concert next Sunday at 8.30 p.m. in the opera house under the direction of Mr. J. Crawford, and the chairman will be Dr. K. P. Borden. This is the first concert to be put on by the newly organized orchestra and the vocal and instrumental numbers will be of a high standard. A big attendance is anticipated, and the society is worthy of the support and encouragement of the public.

PERSONAL STATIONERY

The Journal office will print 100 good quality envelopes for \$1.00, or 100 letter size paper for \$1.00, printing limited to three lines consisting of name and address. Cash at the time of ordering. Leave an order for your personal correspondence.

"Wild Geese" at the Palace theatre on Friday and Saturday has a story based on farm life in northern Manitoba.

Mr. and Mrs. Ed. Royle of Blairmore were winners on Sunday and attended the radio service.

Robt. Henderson, of Pincher Creek, is one of the latest to invest in a new Ford sedan, purchased through the Coleman Garage—Enterprise.

The Moose Lodge has moved to new quarters and meetings will be held in the Italian hall. The executive contemplate quite a busy season, and announce in an ad. in this issue the holding of regular Saturday night dances.

The Progress of Canada

Canada is forging steadily, even rapidly, to the front among the nations of the world. In all things material it is making great growth. Its trade, both domestic and foreign, is expanding as never before, and as a result every branch of industry is active. The country has just harvested one of its largest crops in its history, mining discoveries and operations are proceeding on an unprecedented scale, progress in those other directions which are essential to the upbuilding of a nation in the true sense. Are the Canadian people becoming merely a nation of money-seekers, measuring their success in terms of dollars and statistics recording economic development and growth, or are they utilizing the larger advantages and increased power which material prosperity is conferring upon them to encourage and develop those arts and characteristics which stamp a people as truly advancing to greatness?

Important and gratifying as this material growth and prevailing prosperity is to our people, a much more vital matter to Canada is whether the Dominion is likewise making progress in those other directions which are essential to the upbuilding of a nation in the true sense. Are the Canadian people becoming merely a nation of money-seekers, measuring their success in terms of dollars and statistics recording economic development and growth, or are they utilizing the larger advantages and increased power which material prosperity is conferring upon them to encourage and develop those arts and characteristics which stamp a people as truly advancing to greatness?

We believe signs generally point to the fact that the people of Canada are, taken as a whole, more intensely interested today in the spiritual, intellectual, moral growth of their country than at any previous period, that, in fact, they are deeply concerned, and very determined that the national ideals and character shall be maintained at a high level.

The widespread interest in and discussion of the subject of immigration is but one manifestation of this spirit. Considered solely from a material standpoint it would probably pay Canada to enormously increase its population just as rapidly as possible. Economically Canada would probably gain by absorption of the British people, but Canadians are insistent that quality rather than quantity shall be the governing factor in our immigration policy, and it would be hard to muster a corporate's guard of out-standing men who favor the policy of United States annexation.

Throughout Canada increasingly sympathetic attention is being given to the assimilation of the non-British peoples within our borders into the Canadian family. Here and there people may adopt an unfriendly and unfair attitude towards these people, and to that extent retard the good work, but they are exceptions to the generality of Canadians. More and more it is being realized that these people are making a real contribution to the national life of Canada, bringing to us music, poetry, traditions and handicrafts which are enriching this Dominion.

The increased attention being given to musical festivals and symphony orchestras, to the establishment of art galleries and museums, to scientific research, to literature and the rapidly increasing number of libraries, and to the steady improvement in Canadian magazines and publications of a better class, all go to prove that the people of Canada are not wholly materially minded.

The wonderful success which has attended the application of co-operative principles in the solution of production and marketing problems, and in the provision of public services for the use of all the people, is having its inevitable effect upon the minds of all people. To an ever increasing extent they are beginning to realize that if through local co-operation they can remedy material evils and advance their individual and corporate welfare, through the acceptance of the same principles and their application to all phases of community, provincial and national life they can greatly advance the welfare of the country as a whole.

Co-operation is better than competition or antagonism. Sympathetic consideration and helpful co-operation is better than hatred and the maintenance of bitter rivalries. In the practical work of co-operation the Canadian people are learning that there are two sides to almost every question that people who may differ with you are just as sincere as you are, that the road to ultimate success and the greatest good to the greatest number lies along the path of friendly compromise rather than in continual enmity and warfare.

Canada's progress is, therefore, a well balanced progress, and because of this gratifying fact the people of the Dominion may look to the future of this very gratifying fact the people of the Dominion may look to the future with unbounded confidence to the future if they great country.

To Aid Farm Workers

Clearing House to Furnish Winter Farm Employment May be Established

While no definite decision has been reached yet, a central clearing house, from which British miner-harvesters will be furnished winter employment may be located in Regina. The establishment of such a bureau, though not necessarily in this city, is expected to be the outcome of a conference held at the Parliament Buildings, Regina, on September 12, attended by representatives of the Federal and Provincial Departments of Colonization, those of the two great railways, the Government Labor Service and the United Farmers of Canada, Saskatchewan section.

RHEUMATIC MISERY

Relief Can Only Come Through Better Blood—Liniments of No Use

In no other disease does the blood become thin so rapidly as in rheumatism. Not only does it become thin but it is loaded with impurities—rheumatic poisons. Without the proper treatment these poisons increase the inflamed joints swell and the patient becomes a cripple. Most treatments simply aim to keep down the pain, hence with every unfavorable condition a renewed attack follows.

To cast out rheumatism the blood must be enriched and the rheumatic poisons driven out with the natural secretions of the body. This can best be done through a course of Dr. Williams' Pink Pills, which have a specific action on the blood, giving it new richness and redness. Thousands have tried this treatment with beneficial results. That every sufferer from rheumatism who does not try Dr. Williams' Pink Pills, which have a specific action on the blood, giving it new richness and redness. Thousands have tried this treatment with beneficial results. That every sufferer from rheumatism who does not try Dr. Williams' Pink Pills, which have a specific action on the blood, giving it new richness and redness. Thousands have tried this treatment with beneficial results.

You can get these Pills from any medicine dealer or by mail at \$1.00 from The Dr. Williams' Medicine Company, Brockville, Ont.

Kritiks—Do you think you've improved "Richard III" much by re-writing it?

Playmists—Sure. It was way out of date. It's instance, where Richard hollers, "A horse! A horse! My kingdom for a horse!" I have him shout, "A plane! A plane! My dictatorship for a plane!"

The Poor Man's Friend—Put up in small bottles that are easily portable and sold for a very small sum, Dr. Thomas' Eclectic Oil possesses power in concentrated form. Its cheapness and the varied uses to which it can be put make it the poor man's friend. No dealer's stock is complete without it.

Twenty years ago half of the population of 200,000,000 women and girls in China had crippled feet, but today almost every village has a wooden shoe store which displays an attractive array of footgear.

For years Mother Graves' Worm Exterminator has ranked as a reliable worm preparation and it always maintains its reputation.

If a huge cistern, large enough to cover Trafalgar Square and as high as Nelson's column, were built as a water-tank, London would empty it twice daily.

CUTICURA HEALS SKIN TROUBLE

Sore Eruptions Broke Out Over Face, Itched and Burned.

"My trouble began with little eruptions which broke out all over my face. They itched and burned so that I always wanted to be scratching and when I scratched them they got larger and then dried up. Some nights I could not sleep very well."

I tried other remedies but they did not help me. I was in trouble over five weeks when I began using Cuticura Soap and Ointment, and two weeks later I was cured. (Signed) George W. Herchuk, Box 53, Chipman, Alta., Oct. 5, 1927.

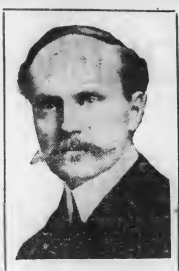

Daily use of Cuticura Soap, with touches of Cuticura Ointment as required, keeps the skin fresh, smooth and clear. Cuticura is an ideal toilet powder.

Sample Pack Free by Mail. Write for it. Cuticura Soap, 25c. Cuticura Ointment, 10c. Cuticura Shaving Stick, 25c.

Wife (reading the paper)—"It says here that a London man boasts he has had an umbrella for 20 years."

Her Husband—"That's long enough. He ought to return it."

Headache? Relieve with Mincor's Liniment.

BRAUDRY LEMAN, General Manager Quebec Canadian National
Director Shawinigan Water and Power company; Montreal Tramways company, and Asbestos corporation, Born, Montreal, Jan. 2, 1878, son of Dr. Joseph Braudry Leman. Educated Mount St. Louis College, private tutor, University of Lille, France, McGill University. Major of Shawinigan Falls, Que., from 1901 to 1907, member Electric Service commission, Montreal. Married to Caroline Belque, daughter of Hon. F. L. Belque, May 12, 1908. Have three sons and two daughters. Address 587 St. Catherine Road, Outremont, Quebec.

Junior League of British Nations

Proposal to Form Branch of British Empire Parliamentary Association

"To the British Empire, at least, it would be a real junior league of British nations," stated M. A. MacPherson, M.L.A. for the Regina constituency, when speaking of the proposal of the government of Saskatchewan to consider the advisability of forming a branch of the British Empire Parliamentary association.

The Regina member further expressed his opinion that such an organization, having as it does, the aim of trying to bring the different nations and colonies of the British Empire into closer understanding and contact with each other, would most certainly be a splendid one to the province to adopt.

It is proposed that at the next sessions of the legislatures of the four provinces of Ontario, Saskatchewan, Alberta and Manitoba, this scheme be presented to the members of the respective assemblies and with their approval, the work of organizing such an association be definitely undertaken.

The Oil for the Farmer—A bottle of Dr. Thomas' Eclectic Oil in the farm house will save many a journey of the doctor. It is only good for the children when taken with colds and croup, and for the mature who suffer from pains and aches, but there are directions for its use on sick cattle. There should always be a bottle of it in the house.

Canadian Amateur Golf Championship

Will Be Held at Jasper Park Lodge Next Year From August 19 to 24

Authentic information was received at Jasper National Park by the visiting Benary Golfers from Great Britain that the United States National Amateur golf tournament will be held next year over Pebbles Beach, Calif., from September 2 to 7. With these dates now definitely assured it is also possible to state positively that the Canadian Amateur championships will be held over the Jasper Park Lodge golf course next year from August 19 to 24. The defining of these two important dates in the golfing program for 1929 leaves an interval of a full week between the Canadian and U. S. Amateur events and it is more than likely, therefore, that the Canadian championships will attract a large number from the gallery of stars in the United States and other countries who will be westward bound for the U. S. event. Should these hopes be fulfilled, and every effort is to be made by the Royal Canadian Golf Association and the Canadian National Railways to bring them to fruition, the 1929 Canadian Amateur championship will be the greatest event in the history of golf in Canada.

Tomatoe Dealer (after several futile suggestions): How would just a simple "Gone Home" do for an inscription?

The Widow: I guess that will be all right. It was always the last place he ever thought of going.

Speaking of serious reading, how is this from the bank, "Your account is overdrawn."

How French Police Work

Use Soundless Whistles to Give Alarm to Headquarters

Police men in most of the large French towns can summon help without being heard. They are supplied with whistles whose notes are far too high-pitched for the human ear to detect. These inaudible sound waves are picked up by microphones skilfully camouflaged throughout the city, and an alarm is flashed to central police headquarters.

A policeman who sees a burglar at work, or summons reinforcements without alarming the suspect. He can, too, direct the sending of aid in Morse code by using the soundless whistle.

Good-bye Asthma. Persons suffering from that extremely trying trouble known as asthma know what it is to long with all their hearts for escape as from a tyrant. Never do they know when an attack may come and they know that to struggle unaided is vain. With Dr. J. K. Kellogg's Asthma Remedy at hand, however, they can say good-bye to their enemy and enjoy life again. It helps at once.

What would really have settled the whole thing is for Mr. Kellogg to have written into his peace pact that no nation engaged in war could borrow money of the United States.

A torch has been devised that can cut steel in a sunken ship at any depth.

Aspirin

Aspirin

The whole world knows Aspirin as an effective antidote for pain. But it's just as well to know that there is only one genuine Aspirin. The name Bayer is on every tablet, and on the box. If the name Bayer appears, it's genuine; and if it doesn't, it isn't! Headaches are dispelled by Aspirin. So are colds, and the pain that goes with them; even neuralgia, neuritis, and rheumatism promptly relieved. Get Aspirin—at any drugstore—with proven directions.

Physicians prescribe Aspirin; it does NOT affect the heart

Aspirin is the trade mark registered in Canada. Indicator Bayer Manufactures. While it is well known that Aspirin means Bayer Manufactures, to ensure the public against future time, the Tablets will be stamped with their "Bayer Cross" trademark.

VISCOUNT PEEL VOICES THANKS OF EMPIRE PARTY

Sydney, N.S.—Delegates of the Empire Parliamentary Association have bade their farewells to Canada. "We have been treated like princes. We have been received like old friends," exclaimed Viscount Peel, chairman of the delegation, addressing a final dinner given by the Canadian club and city of Sydney, and to his words of farewell and gratitude were added those of representatives from every parliament in the Empire.

In their journeyings through Canada, Lord Peel felt, members of the British delegation had been able to remove misconceptions. It had been thought in some quarters apparently that the Empire Parliamentary Association was an instrument for pushing British goods in Empire markets. In reality it was designed to push Empire goods in the British market and the cost fell on the British taxpayer. It had been thought, in some quarters, that the unemployment insurance, miscalculated the dole, was demoralizing charity. In reality the employee paid his share to fund and was entitled as of right to his insurance payment when the curse of unemployment fell upon him.

"We have heard it suggested," Lord Peel added, "that we desire to load Canada with inefficient unemployed."

"I repudiate with all my force this infamous suggestion, but there are, I am convinced, great opportunities in Canada, with the extension of investment of capital from Great Britain and the other Dominions and our speakers have laid stress on the necessity for accurate information so that there will be no disappointment to the investor."

General Allenby In New York

British Hero Honored By Official Salute Of 17 Guns

New York.—Field Marshal Sir Edmund H. Allenby, so-called last crusader, who conquered the Turks in Palestine and Egypt for the British, was welcomed on his arrival here by the American Legion Convention to be held soon in San Antonio.

Arriving on the liner Majestic with Lady Allenby, General Allenby received an official salute of 17 guns from the army stationed on Governor Island as the city's reception boat Macom carried him from the liner to the battery at the Southern tip of Manhattan Island.

The British hero spoke of the growing tendency toward "open diplomacy" among nations but saw no sign for great disarmament at present.

"I do not believe there is anyone in the world who does not want peace if they can get it," he said. "However, one has to be ready for war, as you do not keep burglars out by leaving the door unlocked."

First Freight Has Reached Flin Flon

Five Tractors Have Been Delivered At Mile 83

Flin Flon, Man.—Following the driving of the last spike on the Flin Flon Railway, freight has started to arrive by train and the last load, consisting of five tractors with tracks on attachments, delivered a mile 83.

There are now 15 tractors hauling freight in and out of the big mine. The arrival of a further shipment of tractors is expected in the near future and by freeze-up roads to Island Falls should be in shape to stand the heavy traffic which will cross them during the coming winter.

No Demonstrations Allowed Jerusalem

Jerusalem.—The district commissioner of Jerusalem has refused to permit the orthodox Agudath Israel to hold a festival procession on the occasion of Rosh Hashana and has also banned a Moslem religious demonstration. It was stated that the government would prohibit any religious manifestation in Palestine.

Eliminate Level Crossings

Toronto.—With the object of eliminating every level crossing in Ontario the provincial department of highways is having an official report made on every point where railway lines cross one of its highways.

Fire Takes Four Lives

When Farm House Near Brandon Was Completely Destroyed
Brandon, Man.—Four persons were burned to death when the farm house of Alex Wilson, near Moore Park, Man., was destroyed by fire.

The dead: Mr. and Mrs. Alex Wilson, Mervin Wilson, their son, and Miss Sarah Wilson, Mr. Wilson's sister. The fire was discovered by I. M. Harless, a neighbor, when he was awakened by the reflection of the flames upon his windows. He put on his clothing and rushed out to discover that the Wilson house was on fire. The blaze was too far advanced at the time to permit rescue work.

W. E. Mann, general storekeeper at Moore Park, father of Mrs. Wilson, was also quickly on the scene, but the heat was so intense that he could not get near the building. All of the bodies were recovered. The cause of the fire is a mystery. The barn, garage and other buildings on the farm were unharmed.

Exhibit For Royal Winter Fair

Saskatchewan Will Send Fifty of Its Best Horses

Regina.—Fifty horses, the pick of the Clydesdales, Percherons and Belgians in the province, will represent Saskatchewan at the Royal Fair, Toronto, in November. It was decided at a meeting of the livestock board held recently.

While many selections have yet to be made both in horses and other classes, the board has definitely decided that the following will exhibit: Clydesdales:—The Experimental Farm at Indian Head, the University of Saskatchewan, John D. Brown, Govan, and W. H. Hyatt, Donnelly, Arcola.

Percherons:—C. M. Rear, Regina, Robert Weir, Weldon; George Doan and Sons, Stony Beach.

Belgians:—M. R. Rear, Regina, Robert Thomas, Grandora, Andrew Nolan, Rouleau.

In the horse exhibits from this province there will be 20 Clydesdales, 15 Belgians and 15 Percherons. Many other exhibitors are yet to be named.

Adheres To Peace Pact

Sovjets Depost Note With State Department At Washington

Washington, D.C.—Soviet Russia has joined the other Nations adhering to the Kellogg-Briand treaty for renunciation of war. A document formally signifying Russia's adherence has been deposited with the State department by the French embassy, acting on behalf of the Moscow government, the United Press learned.

State department officials declined to discuss to the content of the document, but said it was placed with the original copy of the treaty. Officials intimated it would not be made public.

Zeppelin Makes First Trip

Paid Friendly Visit To England and Returned To Berlin

Berlin.—After paying a friendly visit to England, the new German dirigible Graf Zeppelin returned to Berlin. As the huge airship soared over the city in the bright sunshine thousands flocked to the streets and saw it describe a graceful loop over Wilhelmstrasse. Flowers for President Hindenburg, attached to a small parachute, were released as the airship passed over Executive Palace, but they were carried six blocks beyond the building.

Flood Victim Of Plane Crash

Port Angeles, Washington.—The body of Dr. E. Holden, of Victoria, B.C., one of the seven victims of the ill-fated Victoria-Seattle plane which disappeared while en route to Seattle, August 28, was found in Port Angeles harbor. The body was headless and badly broken. It was the fourth body of the seven in the plane to be found. The plane itself has never been located.

Premier King Returning

Ottawa.—Premier Mackenzie King will sail for Canada on or about the 19th of this month, according to work now being received here. He will probably be accompanied on his return journey by Hon. C. A. Dunning, minister of railways; and Hon. Raoul Dandurand, government leader in the senate.

Finds Lost Scout

Windsor, N.B.—Col. Collins, South African delegate to the Empire Parliamentary Association, discovered W. Muncey, missing member of the Red War, whom Collins has been seeking all over Canada, residing at 1234 27th Avenue, Vancouver.

Arrest Train Bandit

Robber Of Ontario Mail Car Offered No Resistance

Windsor.—Three hours after a mail car had been rifled of Canadian currency estimated at about \$40,000, John Gibbs, 20, said to come from Los Angeles, Cal., was arrested by the local police on the Detroit River train ferry and landed in the goal here.

According to authorities here he has admitted his guilt. When taken into custody he was carrying two pistols but offered no resistance to the officers.

The robbery was a most daring one the lone bandit holding the mail clerks helpless at the point of a revolver while he calmly looted the car.

Major Godfrey Returns

Brings Motor Of Big Seaplane Which Was Wrecked In Crash

Edmonton.—Major A. E. Godfrey, noted Canadian aviator, whose recent crash in the northern wilds attracted Dominion-wide attention, arrived in Edmonton recently from Peace River accompanied by Sergeant-Major Graham, one of his three companions on the flight which ended in the Peace River.

Major Godfrey brought with him the motor of the big Fairchild seaplane which he and Sergeant Graham remained behind to salvage from the wreckage of this machine. The motor was forwarded to Ottawa.

TO INVESTIGATE MARKETING OF CANADIAN WHEAT

Winnipeg.—Conditions surrounding the marketing of the wheat crop are the main concern at present of V. R. Motherwell, federal minister of agriculture, who was here in connection with departmental business.

Immediately following his arrival in the city, Mr. Motherwell went with the Board of Grain Commissioners to the Grain Exchange for a meeting with the inspection staff. He spent a day at Fort William inspecting the handling of grain there. The minister indicated that investigation into some conditions pertaining to the marketing of Canadian wheat was in progress, partly as a result of complaints which he had heard in the British Isles during his recent trip in connection with the marketing of last year's crop.

In his investigations abroad, Mr. Motherwell was guided by the relation of Canadian production and trade to that of the countries he visited, keeping a sharp lookout for methods which might be applicable in Canada, and opportunities for marketing of Canadian products. He found in the British Isles a strong sentiment for empire products but as far as Canada was concerned, on proven quality. He intimated that Canada could market four or five times as much dairy produce by doubling her production, and exporting the surplus over consumption.

While in Winnipeg, Mr. Motherwell plans to visit the Rust Research Laboratory at the Agricultural College, and he will consult the members of his staff in the various branches of the department here.

Farmers To Hold Meeting
Saskatoon, Sask.—Some 400 farmers who specialize in the breeding of horses, cattle, sheep and swine will gather in Saskatoon on January 22 and 23, when the Saskatchewan Livestock Association, with all its sections, meets in annual convention. Sessions will be held in the King George Hotel here, and there will be numerous meetings on the different aspects of stock farming in the province.

A VERY GRIM TALE

Once upon a time there were three bears. Along came the Trans-Canada and then there were two. The moral to this little story is—do not trespass on the railway tracks. Mother Bear is seen giving her sons an airing at Lake Louise. (C.P.R. photo.)

POLICY IS CRITICIZED

Lord Cushman, whose foreign policy on behalf of Great Britain is denounced by David Lloyd George as "one of the basest and most servile subserviences to France."

Believes River Under Control Of Dominion

Hon. N. W. Rowell Says Federal Rights Not Limited To Tidal Waters

Ottawa.—The Dominion parliament has authority to declare the existence of a public right of navigation over any river navigable in fact. Before the Supreme Court of Canada, Hon. N. W. Rowell, K.C., counsel for the Dominion, made this further contention on the question of federal and provincial control respecting navigation and water ways.

"If a public right to navigation does not exist, as Ontario suggests, on the Great Lakes and the western portion of the St. Lawrence, Mr. Rowell contended, "then under the British North America Act and the powers of the Dominion in regard to navigation and shipping, the Dominion must have power to take action in the interests of having a national highway for trade and commerce in Canada. My contention is that the Dominion has absolute control over navigation and shipping."

Opposes Renewals Of Entente

Ramsay MacDonald Thinks Alliance With France Is Unwise

London, Eng.—At the recent Labor conference, Ramsay MacDonald made an important speech saying, "We must orient our diplomatic policy anew. I say that, without enmity to France, it is not good for France or for us that we should re-establish any sort of alliance."

France is bound to take notice of this declaration on British policy from the leader of the opposition. The country has not yet any clear knowledge as to whether the present government is re-establishing the alliance with France, but unpublished agreements as to armaments on land seem to imply a new entente.

Ramsay MacDonald proposes to drag a declaration from the government when parliament meets next month. There are reports that the French government will immediately publish all correspondence on the naval side of the agreement. The understanding as to land forces is said to have been expressed orally verbally.

To Open Office In Peru

Ottawa.—G. R. Stevens, Canadian Trade Commissioner in South America, has arrived in Canada on route to Peru, where he will open a new office with jurisdiction over Peru, Bolivia and Ecuador. Prior to his departure for South America, Mr. Stevens will visit manufacturing centres of Canada in connection with Canadian exports to his former territory.

Turned Adrift In Leaky Boat

Quebec Liquor Commission Inspector Threatened With Death By Captain

Montreal.—Joseph A. Patry, Quebec liquor commission inspector, was kidnapped by bootleggers at Riviere Du Loup. He managed to reach shore by paddling his craft with an old piece of wood.

Patry was instructed to probe suspected illegal transportation of liquor by boat to New Brunswick, and with two companions set out for a large gasoline yacht which was anchored a short distance from the Riviere Du Loup wharf. The inspector managed to scramble aboard, but before his assistants could mount the boat, the yacht's engines were started and the yacht set out for the middle of the river. Patry tried to draw his revolver, but his arms were seized by the band and he was warned he raised an outcry he would be killed, and his body thrown overboard.

Later on the officer was lowered into a leaky rowboat and left to his fate. The matter has been reported to the authorities.

Odd Accident To Airplane

Making Forced Landing Was Carried Out Over Lake

Ottawa.—An unusual forced landing at Black Lake, Que. in which the pilot and four passengers escaped uninjured has been reported to the air board by the Canadian Transcontinental Airways.

Engine trouble forced down a plane piloted by J. Vachon. An effort was made to land on the ground but the momentum carried the machine out on the water. A serious accident was only avoided because it was of amphibian type it was stated. The left wings of the air craft were slightly damaged.

Has Narrow Escape

Kansas City, Kansas.—The life of Daniel Tovetch, 14-month-old baby who was attempting to crawl across railroad tracks was saved when an approaching train was halted just as the front end of the engine entered over the boy. Rising suddenly to see what the fuss was about, the baby suffered a slight bruise when he struck his head on the lower part of the engine.

Mining Office At The Pas

The Pas, Man.—Establishment of a government mining office at The Pas was announced by Hon. C. Stewart, minister of the interior. It will be under the direction of C. C. Ross, of Alberta, Fred V. Siebert and A. L. Cumming, engineers of the department, are in charge. The office is in the Bank of Toronto building.

SASKATCHEWAN POOL ELEVATOR SYSTEM EXPANDS

Regina.—An extensive program of elevator expansion was announced from the head office of the Saskatchewan Wheat Pool in a statement issued by R. J. Moffat, managing director of the pool, in part as follows:

It is anticipated that with the completion of elevators now under construction by Saskatchewan Pool Elevators, Limited, the country grain handling facilities controlled by the Saskatchewan Wheat Pool for the 1928 crop will include more than 960 elevators, with an average capacity of between 30,000 and 35,000 bushels each. This number compares with 727 country elevators in operation for the 1927-28 crop year, an increase of 233 elevators for the current year.

"All told, there have been 240 points in the province which have been approved by the board of directors as points at which Saskatchewan Pool Elevators, Limited, should secure Pool grain handling facilities, either by construction, purchase or lease of a country elevator. Of this number Saskatchewan Pool Elevators has acquired 104 new country elevators by construction; 76 elevators have been secured either by lease or purchase; 19 elevators are at present under construction; and 60 new houses have yet to be built, of which 30 will be located at sidings on new railway lines. Three elevators have been rebuilt at Pool points where elevators were lost by fire, and three purchased elevators have been rebuilt.

"I do not believe there is anyone the construction department of Saskatchewan Pool Elevators, Limited, has in addition to supervising the general elevator extension program, constructed 19 new elevators with its own crew."

DENIAL MADE OF VIOLATION OF LIQUOR LAWS

Ottawa.—Hon. W. D. Euler, minister of national revenue, has issued a lengthy statement dealing in detail with certain charges reported to have been made by R. H. Pooley, attorney-general of British Columbia against the department which Mr. Euler administers.

Mr. Euler declares that his department is attempting in all sincerity to co-operate with the provinces in the enforcement of their liquor laws and that not in a single instance have incomes for breweries or distilleries been granted when provinces were opposed. The minister deals specifically with the shipment of a carload of whiskey from the distillery of Goddard and Wood to which, according to news reports, Mr. Pooley made special mention.

"The charge that the Dominion Government is deliberately violating its own law for the benefit of the liquor interests is utterly untrue," Mr. Euler declares. "Such a statement would show a poor lack of knowledge of the true situation and a quite apparent disinclination to accept our view of co-operation. I cannot believe that Hon. Mr. Pooley made such a charge."

The minister suggested that if the British Columbia attorney-general had any fault to find with the Department of National Revenue it would have been fair for him to address his complaints to the department rather than to issue statements to the press.

New Province For Canada Suggested

Would Consent Of Districts At Head Of Great Lakes

Fort William, Ont.—It is expected here that a public meeting will be called any day to consider the question of secession from Ontario and formation of a tenth province.

A similar proposal was made a few years ago but was dropped, but action is again being urged in this district.

Thunder Bay, Rainy River and Kenora districts would form the new province making up in area what they lack in present population.

Failing creation of a tenth legislature, in the Dominion, advocates of secession are willing to move their allegiance from Ontario to Manitoba. A body of young business men behind the movement which so far is confined pretty well to this city, Citizens in Port Arthur and other centres, however, are said to be willing to join in the proposed campaign.

Will See Air Liner Arrive

Canadian Engineer Going To Lakehurst To Represent Dominion Air Board

Ottawa.—Wing Commander E. W. Stedman, chief Canadian aeronautical engineer, will represent the arrival of the German air liner Graf Zeppelin at Lakehurst, N.J., as representative of the Dominion air board it is learned.

Stedman examined the big ship this summer when in Germany and discussed the flight with Commodore Eckner and other officers who will be in charge of the aircraft. Special attention will be given to the methods used for mooring the immense craft at Lakehurst. A mooring mast 250 feet in height is being constructed by the Canadian Government at the flying field at St. Huberts, Que., and some improvements may result from Mr. Stedman's observations.

Aged Indian Chief Dead

Valleyview.—An Indian chief whose age was given in tribe records as 130 years was mourned here by four sons, each of whom is over 90 years old. The aged leader was Manuel Portes, chief of the Santa Rosa Indians.

Honored Canadian Minister

Paris.—Premier Mackenzie King, of Canada, gave a dinner, Oct. 2, in honor of Hon. Phillips Roy, first Canadian minister to France. The dinner was also tendered as a graceful compliment to Madame Roy, whose birthday it was.

Nurses For Labrador

Montreal.—Two nurses, Misses Canby and Cole, have left Quebec for Labrador, dispatched there by the Federal Minister of Health. They will act at outlying stations of Harrington and Mulligan Bay.

Anglican Appeal

Those who heard Bishop Sherman's appeal on Sunday for the anniversary fund of \$40,000 to place the finances of Calgary diocese on a sound basis must have been impressed with the earnestness of his appeal. Coming to this diocese from Eastern Canada eighteen months ago, he has stimulated energy in church life in a remarkable way. When he took over the charge fifty per cent. of the parishes were without clergy. Now they are filled. He also found a heavy deficit which was costing the diocese over \$900 annually in interest, no superannuation or insurance funds in force for the clergy, and enthusiasm at a somewhat low ebb.

Since he has been in office, he has not only energized the clergy, but has brought home to the laity a sense of their responsibility. A hard worker himself, with a broad outlook, and a personality that wins friends, he has set an example which has had a far reaching influence in a short time. Consequently his appeal for \$40,000 is meeting with enthusiastic support. Hard-headed business men, whose thoughts naturally run in channels that cannot be termed spiritual, but who realize that if the bishop and his clergy are to carry on their work effectively, they must be relieved of a lot of the worries of finance, have sponsored the appeal and are working and contributing towards it.

Coleman has been asked to contribute its quota. No special objective has been set, as by the bishop's wish it is left for the individual to give according to the dictates of his or her feelings. There is not an individual who professes church membership who will realize that, to put it plainly, it is up to him to get behind this appeal and support it as generously as he can.

As Bishop Sherman stated on Sunday to the thousands who packed the Arena at Calgary, and thousands who listened in on the radio, "It is YOUR job."

6-tube Console \$167.00

THE Radio Set that lacks in sensitivity is useless in many parts of Canada.

In the Westinghouse Receivers sensitivity has been developed to the full possibilities of present day Radiotrons. More than that, the 6 tube Westinghouse Models have power in abundance—reserve power to bring in the very distant stations with clarity and reasonable volume.

Extraordinary sensitivity is the result of the combined laboratory engineering of Westinghouse Radio and Radiotron Engineers to create the perfect radio receiver for Canadian conditions.

WORLD HAPPENINGS BRIEFLY TOLD

One of the finest old churches in Moscow, the "Stranney Monastery," is being converted into an Anti-Religious museum.

Leon Vanderstuyt, Belgian bicycle rider, broke the world motorcycle record for sustained speed when he rode 70 1/2 miles in one hour.

A report is current in Bucharest that Poland, Roumania and Greece have concluded a military agreement to make a common front against Russia in the event of war.

Thousands of cattle have been drowned in the flood that came after the bursting of the Yser dikes in Belgium and farmers estimate their damage at about \$25,000,000.

The Canadian Press was reliably informed that there is no reason to believe that the Duke and Duchess of York contemplate an early visit to Canada, as rumored in Ottawa.

T. Nichols, of the Royal Canadian Mounted Police, Lethbridge, Alta., will receive the Imperial Service medal awarded by His Majesty the King, according to the Canadian Gazette.

Great Britain and the U. S. have continued for another year their agreement on administrative co-operation for the prevention of smuggling liquor into the United States by ships flying the British flag.

It was reported in League of Nations circles that the Irish Free State, following the example of Canada, is planning to establish of legation in Paris and appoint a minister to France.

The appointment of Jean Knight as French minister to Canada has been announced officially, confirming previous intimations that M. Knight would be sent to Ottawa as France's first diplomatic representative in the Dominion.

Fine Shipment of Herefords

Range Cattle From Alberta Bring Large Sum in Chicago

Ninety-three head of dry cows from the McIntyre range in Alberta were recently consigned to Chicago in exchange for a \$10,000 cheque. Cattlemen looking over the shipment claim that it is one of the finest lots of range cattle ever forwarded from Calgary. The heaviest animal in the lot tipped the scales at 1,700 pounds and the ninety-three averaged 1,350 lbs. These cattle come from one of the few remaining old-time ranches which is running a herd of upward of 5,000 Herefords.

Men's belts are used mostly for sports wear in Great Britain.

Ships that cannot afford wireless cannot afford crews.

Reduce the Acid

Sick stomachs, sour stomachs and indigestion usually mean excess acid. The stomach nerves are over-stimulated. Too much acid makes the stomach and intestines sour. Alkali kills acid instantly. The best form is Phillips' Milk of Magnesia, because one harmless, tasteless dose neutralizes many times its volume in acid. Since its invention 60 years ago, it has remained the standard with physicians everywhere.

Protect Submarine Crews

Italian Has Invention That May Prove of Great Value
Cesare Borghetti, inventor of an apparatus for saving the lives of submarine crews in case of danger, has succeeded in interesting the Italian government in his invention and now gives the press some details of his amazing invention.

Signor Borghetti's apparatus consists of several hollow cylinders attached to the sides of the submarine in such a way that they do not impede its passage through the water. The number of these cylinders depends on the number of men in the crew.

The outer chambers are reached by two doors from the interior of the vessel. Inside of each of these cylinders is another airtight chamber with four compartments holding compressed air.

When the shipwrecked crew is inside the inner chamber and the doors are lightened, a lever releases it from the outer cylinder which is firmly attached to the side of the submarine. The cylinder containing the men is constructed in such a manner that it will float, automatically, to the surface even from a depth of 600 feet.

Any Woman Can Look Stylish

By MAE MARTIN

Most stylish looking women know a few simple ways to make last season's things conform to this season's styles. Thousands have learned how easily they can transform a dress of a blouse, or hat, by the quick magic of home tinting or dyeing. With true, fast-dyeing Diamond Dyes, anyone can do this successfully. The "know-how" is in the dyes. Diamond Dyes don't streak or fade like inferior dyes. New, fashionable tints appear like magic over the out-of-style or faded colors. Tinting with Diamond Dyes is easy as bluing, and dyeing takes but a little more time. Only Diamond Dyes produce perfect results. They have been perfected by over 50 years of experience and insist on them and save disappointment. "Color Craft," my big new book of dollar-saving hints, will be sent you FREE. Write Mae Martin, Diamond Dyes, Windsor, Ontario.

Opening of Bay Route

Suggestion Is Made to Hold Monthly Excursions From All Parts of Canada

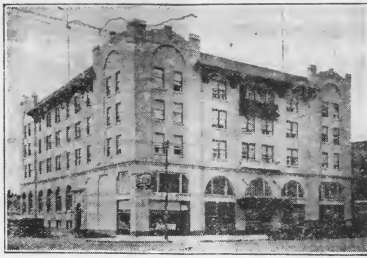

By way of establishing an "entente cordiale," W. Moss Thrasher, secretary of the United Farmers in Canada, Saskatchewan section, suggests that the opening of the Hudson Bay route to Great Britain be celebrated by a huge excursion from all parts of Canada, the mid-western states and Great Britain, the meeting place to be on the shores of the bay.

Mr. Thrasher also suggests that at the same time the Federal government should take steps to eliminate all trade restrictions with the Mother Country and bend every effort toward centralizing the huge purchasing power of the United Farmers in Great Britain, where he points out, the western farmers sell the bulk of their products.

He believes that this would be the first logical step towards solving the western Canada's immigration as well as industrial problem, and that something should be done when the west is more closely linked with the Old Country by the opening of the Hudson Bay route.

"Western Canada sells its surplus products in Great Britain," he says, "and accordingly should buy manufactured products required from that source. No country can carry on successfully by selling to one market and buying from another. Someone will have to suffer. The lack of balance will eventually be felt."

NEW HOTEL AT LETHBRIDGE

The Marquis Hotel, Lethbridge, Alta., which has been recently opened to the public, under the management of Mr. A. W. Edwards. The Marquis is fully modern in all its appointments, is a decided asset to the city of Lethbridge, and is proving quite popular with the traveling public. The Marquis Hotel was named after the new variety of wheat of that name, and was built as a community enterprise at a cost of \$275,000.

Cattle Feeding Awards

C. B. Latta, Govan, Wins Prize in Connection With Saskatchewan Competition

C. B. Latta, Govan, Sask., won the first prize of \$100 in the carload lot contest staged in connection with the Saskatchewan farmers' cattle feeding competitions, according to the report of the judges' awards received by Hon. C. M. Hamilton.

Mr. Latta also won second prize, \$45, in the competition for groups of ten to fifteen animals, and second prize of \$20 in the group of five animals, making a total of \$165 in prize money. In addition he sold his steers at good prices. Mr. Latta made a gross profit of \$49.63 per head on his carload lot; \$43.17 per head on his group of ten, and a gross profit of \$56.70 per head in his group of five. C. J. Peters, of Brownlee, won second prize, amounting to \$75 for the records made by his carload lot. Mr. Peters made good profits. A total of 20 steers were sold at a gross profit per head of \$68.86. A net profit of over \$20 per head. Among other prize winners, B. A. Wright, Drinkwater, won fourth prize in the carload lot, and also fourth for group of five.

A. W. EDWARDS, Manager, Marquis Hotel, Lethbridge, Alta.

Many Planes in Pageant

Thousands of People Attended Air Mail Service Inauguration

The first aerial mail service between Canada and the United States was inaugurated October 1 at St. Hubert aerodrome, near Montreal, where a great aerial pageant, in which fifty planes took part, commenced at 9 o'clock in the presence of thousands of spectators. Planes of every size, even every color, Moths, Red Ramblers, Swallows, Cabin-tote, Vickers-Fairchild, Stinson-Detroiter, Aero Avian, as down by Hindler from England to Australia, Leaning Amphibian, Pitcairn Mailwing, tri-motor Ford, and the most interesting of all, three Sikorski fighters, participated in the evolutions. The Sikorski were copies of the Canadian Air Force, and are reputed to be the most deadly war machines in existence.

They were seated across the table from each other in the restaurant, the wealthy octogenarian and the gold digger.

"Will you marry me if I have my health rejuvenated?" he asked. "I'll marry you, all right," she replied, "but you leave your health the way it is."

She—"I've been trying to think of a word for two weeks."

He—"How about fortnight."

Poverty is no disgrace. At least it is better than being a multi-millionaire with chronic indigestion.

The herd of 709 buffalo bought in 1907 by the Dominion of Canada in Tablow, Mont., now numbers 16,000.

DIARRHŒA Was So Bad Child Passed Blood

Mrs. Harry Nesbitt, B. R. No. 8, Shannon, N.B., writes: "Last Fall my little boy took very bad with diarrhoea and before I knew it he was passing blood. I went to our medicine case and gave him a dose of

and a little later gave him another, and half an hour after the second dose he got relief and by the time he had taken six doses he was like a different child."

This wonderful bowel complaint remedy has been on the market for over 80 years; put up only by The T. Milburn Co., Limited, Toronto, Ont.

SPIRITUAL GIFTS

Golden Text: "Now abideth faith, hope, love, these three; and the greatest of these is love."—I Corinthians 13:13.

Lesson, 1 Corinthians 12-14.
Devotional Reading: 1 John 4:7-16.

Explanations of the Comments.
Spiritual Gifts are Divine. But the Spirit is the Same, 12:4-7.—There was rivalry among the Corinthians as to which of them possessed the greatest gift for God's service. "The tendency at Corinth was to estimate spiritual gifts by their showy rather than their skill character." The reverse was Paul's way.

"The things we consider most remarkable may, after all, be least important. An ecstasy is pleasant, but strength to endure with fidelity is more significant. The touchstone and test of our Christianity is our avowal of Jesus Christ. If in our souls we own him Lord we are possessed of the Spirit of Life" (John Gardner). There are different gifts, Paul wrote the Corinthians, but the same Spirit reveals himself in them all; there are different ways of manifestation, but back of them all is the same Lord; there are different sorts of activities, but they are all wrought by the same God. To each one is given his manifestation of the Spirit for the good of others.

Then in verses seven to eleven Paul cautions various spiritual gifts and repeats that, different as they are, they are alike in source, the Spirit imparting them as he wills them; Paul does not disparage spiritual gifts, he realizes their value, but he realizes also the need of unity and co-operation in the church, and this he enforces in verses 12-30, by his figure of the body and its members; as all of the members are different but essential to the body, so it is with the church and its members.

Descriptive Atlas of Canada

100,000 Copies Distributed to School Children in Old Country

School children in the British Isles will this year receive over 100,000 copies of a descriptive atlas of Canada, provided by the Department of Immigration. This is part of an extensive publicity to induce migration to Canada.

The atlas is distributed free to students in the Old Country, through the central office of the department in London. Agents of the department travel through the country in demonstration vans, carrying exhibits descriptive of Canadian industries, and they lecture at the various schools. Copies of the atlas are left with the schoolmasters. Large wall maps are also provided.

The book comprises eighty pages and is stated to compare favorably with the geographies used in Canadian schools. Besides a large number of colored maps, it contains literature dealing with the physical characteristics, climate and industries of the various provinces. Special emphasis is placed on the opportunities open to those who wish to settle on Canadian farms. The maps have been prepared by the Natural Resources Intelligence Branch of the Department of the Interior, and are stated to be of the most modern type.

The atlas is eagerly received by teachers, officials indicate, and is claimed to have very much to do with the increasing desire by young people to look towards Canada as their future home. Large numbers of the book are also in demand in the United States and thousands of requests for copies have been received from American schools. In congratulating Canadian officials on the excellence of the book, teachers over the border admit that geographies used in their schools give a very restricted and often inaccurate conception of this country. The atlas in particular in demand in the farming areas in the central States.

Life (to returning husband at seaside resort): Oh, darling, I've so glad you've come. We heard that some idiot had fallen over the cliff, and I felt sure it was you."

We have often wondered, in our little way, whether the inventor of the telephone booth also designed the breakfast nook.

China's new warship is called "Peace." Hereafter it will be conceded that the Chinese understand a joke.

Makes First Entry

Saskatchewan Farmer Makes Entry in Grain and Hay Show at Chicago

The distinction of making the first entry in the International Grain and Hay Show to be held at Chicago next December goes to Canada. James A. Paur, a farmer at Langham, Saskatchewan, has entered samples of Marquis wheat and of rye. Canada always carries off a fair share of the honors at the International Show. In the last 17 years the Dominion has won the world's wheat championship 14 times.

In shipping their choicest teas over land and sea, great planters never take any chances of the tea deteriorating in transit. They pack it in aluminum or lead—Red Rose Tea is always packed in aluminum, so it will come to you as fresh and flavorful as the day it was blended. **aw**

CHAPTER II—Continued.

Fresh from his exercises and shower, his cheeks red, his dark eyes shining with the clear glow of health, his step springy and free, Donald was a picture of rugged health and strength. But for all this apparent outward brightness, inwardly he felt rebellious. Douglas' invitation had brought a great longing for the comforts of his past life. Why should he assume the role of a pugilist to elude out an existence? Why wear shabby clothes and even know the pangs of hunger? He had but to wire his father that he was destitute and plenty of money would be forthcoming.

A big steak at "Old Joe's" furnished him a hearty meal. As he selected the money from his meagre supply of cash to pay his check, Old Joe bent his grizzled head forward. "Don't go hungry; come in any time."

"Thanks, Joe."

Donald was in a dark mood. He heard the sound of happy laughter coming from a saloon on the corner. There behind those swinging doors was momentary relief against his cares. He stood in the door of the restaurant and looked across the inlet at the twin peaks, known as the "Lions," which guard the entrance to Vancouver's harbor. The sun was setting in a mass of fleecy clouds; the clouds became a luminous gauze, and a golden splendor spread over the water. The mountains were suffused in violet, while the snow-fields took on a faint stain of rose. Donald's face glowed as he watched.

"Some country!" he breathed. He turned to catch a friendly smile from Old Joe as he worked over his range. "And some people!" he added fervently.

Once more he turned to the mountains. The glow had vanished and the Lions stood in bold relief against the clear sky. The massive snow-capped peaks seemed to impart a new strength to his being. "I'll not quit. I'm going to make good," he said grimly.

CHAPTER III.

While on his daily run around Stanley Park the next afternoon Donald was attracted by a horse and rider standing on Prospect Point. The rider was interested in a huge white liner plowing her way through the Narrows, bucking a head tide. The horse, a noble animal, with full mane and tail, was restive, rocking and prancing in his eagerness to be off.

When Donald lifted his eyes to the rider he saw a beautiful, haughty race with skin of a milky whiteness, a heavy mass of dark brown hair, neatly coiffed under a trim riding hat, and a pair of wonderful brown eyes that suddenly grew cold.

A shower of dirt and pebbles stung

MEDICINE FOR YOUNG GIRLS

Mothers Endorse Lydia E. Pinkham's Vegetable Compound

Sydney, N.S.—"My seventeen year old daughter took Lydia E. Pinkham's Vegetable Compound for weakness and pains. She could not go to school much with the other girls as she was not strong enough. We got six bottles and it did her a great turn. She is working out now in a store and walks three miles every morning and back in the evening."—Mrs. Mary Vance, 44 Langan Road, Sydney, N.S.

Pinewood, Ont.—"I constantly had pains in my back and side and spent two days in bed every month. I have taken three boxes of Lydia E. Pinkham's Vegetable Compound Tablets. They have done me good and I always have them in the house. I have recommended your good medicine to several friends and have given it to my 17 year-old girl."—Mrs. ALFRED OVERTON, Pinewood, Ontario.

W. N. U. 1754

leave thy woody bower, Sir Don, the goddess awaits thee."

Seething inwardly, Donald tried to appear dignified as he stepped to the road, but the attempt was a dismal failure. How could one approach anything like dignity when dressed in a pair of running trunks, a torn and frayed jersey, socks turned down over a pair of dirty tennis shoes, and without hat or coat? All this added to the fact that he faced a battery of two big brown eyes, who thought him a masquerade. The greatest actor in the world would fail to register dignity under such conditions. He had a confused remembrance of a jumble of words that went for a formal introduction. He felt his face hot, and knew he was blushing furiously, which did not add to his composure.

The girl looked down curiously, but not without interest, at the embarrassed young man.

Donald finally mustered courage to glance up at the face above him. The deep brown eyes regarding him held just a trace of humor. The full red lips were parted to show a flash of white, even teeth.

"It is a pleasure to meet you even under such inauspicious circumstances," stammered Donald. He turned to glance at the grinning cause of his disfigurement. "I would suggest, Miss Renzie, that you have a doctor waiting at your home, as I intend to commit mayhem on the person of your brother as soon as you have gone."

(To Be Continued.)

Sleep is the great nourisher of infants, and without peaceful sleep the child will not thrive. This cannot be got if the infant be troubled with worms. Miller's Worm Expeller drives worms and drive them from the system, and afterwards the child's rest will be undisturbed. The powders cannot injure the most delicate baby, and there is nothing so effective for restoring the health of a worm-eaten infant.

Recipes For This Week

(By Betty Barclay)

Orange Buns

Soak orange peels three days in cold water changing the water daily; then put in hot water, and boil until soft. Drain, wipe dry with cheese-cloth, chop fine, and measure. Take an equal amount of sugar and for each one-third of a cup of sugar add two tablespoons each of water and butter, and boil until it will spin a thread, then add the chopped peel.

Roll about five minutes, cool, put on board, sprinkle with granulated sugar, and shape into small balls. These may be rolled in coarse sugar, and allowed to dry, or they may be dipped in fondant, flavored with vanilla. They are delicious dipped in chocolate with a few grains of orange sprinkled on the top of each chocolate before it hardens.

Tenderloin of Beef Stuffed with Oysters

Large tenderloin.
One pint oysters
One teaspoon cracker crumbs
Salt.
Pepper.

Split the tenderloin. Season with salt and pepper. Make a dressing with the oysters, crackers, and season with salt, pepper, and celery salt. Spread part of the one tenderloin with dressing. Put the other one-half tenderloin on top. Tie together with string and bake. Baste often.

Minard's Liniment—Popular for 50 years.

There is in Fifth Avenue, New York a 12-story apartment building in which every door knob is gold plated. In one flat every hinge, door handle and key is of gold.

Isn't it funny how people entirely without principle manage to draw so much interest?

Agrees with Baby

Early Brand Condensed Milk has been used for bottle-fed babies for three generations. Write THE BORDEN COMPANY, LUTHER, MONTREAL, for Free Feeding Charts and Welfare Booklets.

Will bring forth the erring knight for you to console," rejoined her brother, bowing low in exaggerated deference. "Ho!" he shouted,

Inspiration From

Commonplace Things

Door-Knocker Gave Beethoven Idea for Gloveless Concerts

To an ordinary mind it could be scarcely seen possible that much music could be got out of a door-knocker. Yet it was this sound which is said to have inspired Beethoven's glorious violin concerto in D. As the musician lay awake one night shaping the concerto in his mind, his musings were interrupted by a belated neighbor who was endeavoring to arouse his housekeeper and get her to come down and let him in.

Beethoven heard his persistent knocking for admission—four slow deliberate knocks at a time. The constant repetition under such conditions the idea he sought and those four knocks are heard all through the energetic movement of the concerto, which begins with four unaccompanied D's on the drum—seemingly as unmelodious and unpromising as an opening phrase as one could imagine.

In commenting upon the circumstances Sir George Grove has said that the bulk of the old Temeraire was to Turner, or the daffodils to Wordsworth—commonplace in themselves but transmuted by the fire of genius into an imperishable monument.

A PROBLEM FOR YOUNG MOTHERS

Stomach troubles cause most of the distress of babyhood and the mother and the greatest problem for a young mother has to solve. The treatment for these digestive disturbances that make baby cry continually and disturb his sleep must be quick and effective, and, above all, perfectly safe.

The absolutely safe treatment for disturbance of the stomach and bowels is found in Baby's Own Tablets. Thousands of mothers have found their problem solved through them. They are guaranteed to be free from all injurious drugs and cannot possibly do harm to even the youngest baby—they always do good.

Baby's Own Tablets regulate the stomach and bowels; banish constipation and indigestion; break up "colic" and "colic" and all other troubles that health-giving sleep which is so necessary to the welfare of the baby or growing child. The Tablets are sold by all medicine dealers or by mail at 25c a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Romans Understood

Method of Soldering

Sample of Work on Iron F-rule Discovered in Ancient City

A method of soldering two pieces of iron together with copper was known to Roman artisans in England nearly two thousand years ago.

This is shown by a deep iron ferrule like a modern servitor ring unearthed during excavations of the Roman city of Uricumion, located in the river Severn and destroyed about A.D. 380.

Lead pipe manufactured and laid in Rome's water system 1,800 years ago was recently pronounced to be in perfect condition.

Great Lakes "Gambling" Season

The "gambling" season of the Great Lakes is near at hand. Stakes that mount to millions and involve the lives of men are on the play boards of the shippers who soon will be sending their mighty grain and ore carriers to fetch that last cargo of the season and in doing so they stake their ship and the lives of the men against the elements which only last year claimed five ships as victims and cost the lives of 24 men and two women.

Dietitian: "Yes, a few lettuce leaves without oil, and a glass of orange juice. There, madam, that completes your daily diet."

Mrs. Overweight: "Thank you so much, Doctor, but do I take this before or after meals?"

First Bachelor: "Is there anything in this affair of yours with the heiress?"

Second Bachelor: "Millions, I hope."

TOOTH TURNS BLACK

Your white pearls teeth have perhaps excited the admiration of your friends and your pride in them is fairly pardonable.

But one day a tooth that you had been intending to have "fixed" ceased to bother you until by and by you noted with some little alarm that this tooth was quite dark in contrast to the others.

Or, perhaps, your dentist because of your neglect found it necessary to remove the pulp from a tooth, following which operation you found with some dismay that it had changed color, and noticeably so.

Now, what has caused it?

Contrary to your idea, possibly, a tooth gets its shade, not from the outer enamel covering, which is almost colorless, but from the array of colors in the underlying body of dentine.

As a sequence to pulp death and decomposition, we have a disintegration of the blood elements in the production of pigments or color compounds. These permeate the dentinal tubules, through its many little canals are reflected through the translucent enamel, giving the tooth its shade; this is the principal source of discoloration.

A frequent cause is from the use of remedial agents employed in tooth treatments, many of which have the property of staining the dental substance.

Now, unfortunately, as you can see, all of the scouring that you may do is of no avail—like the historic spot of "Macbeth"—it will not "out."

However, your dentist by employing bleaching agents within the tooth cavity can with fair success restore the shade, if the discoloration has not remained too long.

Tourists Aid Development

The tourist is often the forerunner of the homemaker, and in consequence visits the country and sees with his own eyes the character of its people and resources, and if he later returns to settle or invest he is able to do so in a more satisfactory manner.

Injured When Truck Overturned

Driving the big truck of the Scott Fruit Co. westward on Wednesday morning, Joe Patterson, the driver, sustained a broken collar bone when the truck turned over twice just after crossing the steel bridge near Blairmore. - F. Barringham

picked up Patterson and brought him to Coleman, where he was given medical attention at the home of his uncle, east of the school.

Tom Lloyd returned last week from Allison Springs, B.C., where he had been since August for the benefit of his health.

Citizens Urged to Safeguard Against Fire

Next week, October 7 to 13, has been proclaimed by Lord Willington, the Governor General, as national fire prevention week in Canada. The proclamation, published in The Canada Gazette, calls upon all citizens to assist in the nation-wide effort to remove fire hazards at this time of year just prior to the advent of the winter season.

In many centres inspection of all business premises will be carried out. Places of public assembly will be examined and insofar as possible visits will be paid to private houses. Everyone is urged to specially inspect their premises during the next ten days and thus aid in the national movement to safeguard life and property before the millions of furnaces, heaters and other heating apparatus are relighted for the winter months.

Coleman Anglicans Heard Bishop

(Continued from Page One)

Judge Walsh referred to the whole-hearted enthusiasm and inspiration of the Bishop in his work, and stated that his example had enthused the laity throughout the diocese in support of this appeal.

The singing of the massed choir of 250 voices in the hymns and anthems was heard clearly, and every detail of the service came through distinctly.

Through the courtesy of Sam's Service Station, Coleman congregation were enabled to hear the service in the church, he installing a Kolier set for the occasion, George Derbyshire assisting him, and the thanks of the vestry and congregation are expressed for their kindness.

Wins First Prize

In a recent salesmanship story-writing competition, conducted by the MacLean Publishing Co. Ltd., open to all hardware merchants, managers and clerks throughout the Dominion of Canada, Mr. G. H. Snowdon won the first prize. MacLean's emphasized the originality of Mr. Snowdon's story.

Mrs. Robert Young left recently for Lethbridge to reside, Mr. Young having moved there some time ago.
